

## *I Will Succeed...*

*I will succeed at being me  
I will become who I'm meant to be  
Through this journey of pain and sorrow  
I will live to be tomorrow*

*Each step that I take  
And the choices I make  
Ill begin to grow  
And it'll start to show*

*In my life I'm moving forward  
And it brings a great reward  
But to live a great life indeed  
In that I know that ill succeed*
